SHIPPING

Spring product will ship February 1st through May 30th (subject to availability). Our team is committed to the safe packaging of your order and will choose the most efficient and economical carrier for shipping plant material. If possible, customer shipping requests for specific carriers will be honored. In all cases, the customer is responsible for the product after it is delivered by the carrier. DeGroot will not be liable to the customer for delivery delays arising from conditions beyond our control.

GUARANTEE

We guarantee our product to be viable, healthy, and free from injurious insects and disease upon receipt. Upon arrival, unpack product immediately and inspect it with the delivery driver present. Should any product be delivered in damaged condition, file a claim with the delivery carrier and notify DeGroot. Claims or shortages must be reported within 10 days after receipt of shipment. Do not throw away any product that has been reported as damaged, as a disposition authorization must come from DeGroot. Protect from excessive heat or cold and keep away from moist or wet areas during storage.

We give no warranty to viability of our product after 10 days of receipt. We do not guarantee survival of plants potted or planted in the Fall. We accept no responsibility for the guarantee our customers give to their customers. In no case will DeGroot be liable for any amount greater than the sum originally received for our product.

Grow your business with Platinum Performers®!

At DeGroot, we understand how important your customers are to your business-whether they're a new customer, or if they've come to you for years to find the perfect perennials or strawberry roots to plant with the grandkids. Our Platinum Performers® have been carefully selected by DeGroot with your customer in mind.

Each variety in this collection has been chosen for qualities which lead to success. Our fruits and vegetables in the Platinum Performers® selection exhibit high yields and are Non-GMO. Your customers will enjoy longer bloomtimes with our carefully selected perennials and shrubs.

We offer a variety of horticultural solutions from retail package case packs for end caps, and spinner racks requiring minimal space, to eye-catching displays with no assembly required.

Bloomtime Indicator

Our Bloomtime Indicator is prominently displayed on all of our packaging. These color-coded icons make it easy to plan your garden for continual blooms all season long. Find similar indicators on our fruit, vegetable, and foliage plant packaging for a complete garden plan.

Fruit Tree | Pallet Assortments

There's no easier way to generate early season sales than with DeGroot dormant fruit trees! Dormant packaged fruit trees are as easy as set and sell! This pre-assembled display offers a variety of America's favorite fruits.

Dormant plants allow your customers success with early planting for stronger root establishment and avoiding transplant shock common with potted products later in the season.
